Security and Privacy Tips for People Seeking An Abortion

[Digital Defense Fund](#) - provides guidance on how to protect your privacy online if searching for info about abortion might put you at personal or legal risk.

If you are going to share this on social media/other websites, I recommend sharing a link to this document rather than a download. I am constantly updating this, so if you share a link, it should give access to the most recently updated version

Resources for Healthcare

[Amnesty.org](#) - Basic facts about Abortion

[Build a Del Em](#)

[Choices Center for Reproductive Health](#)

[Clinical practice handbook for safe abortion](#)

[CoverHer](#) - Helps pay for birth control and other health care

[Ella](#) - a Plan B pill more suited for larger women

[Gynopedia](#) - a nonprofit organization that runs an open resource wiki for sexual, reproductive, and women's health care around the world

[Guttmacher Institute](#) - a primary source for research and policy analysis on abortion in the United States.

[Gynecologists who will perform a tubal sterilization](#)

[Interactive Map: US Abortion Policies and Access After Roe](#)

[National Abortion Federation](#) - The mission of the National Abortion Federation is to unite, represent, serve, and support abortion providers in delivering patient-centered, evidence-based care.

[National Network of Abortion Funds](#) - connects you with organizations that can support your financial and logistical needs as you arrange for your abortion.

[Planned Parenthood](#) - A Comprehensive Guide for Unplanned Pregnancy

[Population Action International](#) - provides advocacy, lobbying, and resources for other family planning and sexual health

[RAINN](#) - National Sexual Assault Hotline

[Religious Coalition for Reproductive Choice](#) - a network of ministers and rabbis that refer women to abortion providers they had researched and found to be safe

[Texas Equal Access Fund](#) - provides emotional and financial support to people who are seeking abortion care.

[When Birth Control Fails](#)

[Women First Digital](#) - a global SRH (sexual and reproductive health) organization providing users with digital resources and information on reproductive health.

[Women's Reproductive Rights Assistance Project](#) - helps bridge the financial gap for women who seek an abortion or emergency contraceptives.

For People Pressured into Adoption

[AfterPill](#) - access to AfterPill, a shelf stable drug that is ok for about 18 months.

[AidAccess](#) - consists of a team of doctors, activists, and advocates for abortion rights that help people access abortion or miscarriage treatment. They send the pill worldwide. **IF YOUR STATE IS TRYING/HAS BANNED ABORTION PILLS BY MAIL, THIS IS YOUR BEST BET**

- AidAccess takes 6-8 weeks for pills to be shipped to red states. That is too late in most cases, since most people don't realize they're pregnant until 8 weeks.
- Unless you have someone in a blue state willing to have the pills send to them (which takes just a few days) and then send it to the person in the red state, it's not going to be a viable option.
- **it's best to order the pills BEFORE you need them.** AidAccess has an option for this, but you can easily lie and say you're pregnant too.

[Alabama Cohosh Collaborative](#) - Alabama abortion fund

[All-Options Talkline and linked recourses](#) - Pregnancy, Parenting, Abortion & Adoption

[Apiary for Practical Support](#) - group which helps other practical support groups across the country with resources -- as there is an increased need for patient travel, lodging and childcare expenses.
